Applications are invited for a vacancy as an academic GI/Liver anatomical pathologist at The Ottawa Hospital.

The successful candidate will participate in relevant diagnostic services, basic and/or translational research, and teaching undergraduate, graduate and postgraduate trainees. Applicants should be willing to participate in one or more other subspecialties in addition to their primary subspecialty, as assigned by the Division Head. They must be eligible for an academic appointment in the Department of Pathology and Laboratory Medicine at the University of Ottawa.

Minimum requirements include an M.D. degree, eligibility for a license to practice in Ontario, Royal College of Physicians (Canada) certification or equivalent qualification in Anatomical Pathology, plus subspecialty fellowship training in diagnostic GI/Liver pathology. The competition will remain open until the position is filled. Compensation will be according to the Ontario Ministry of Health and Long Term Care’s Uniform Minimum Level of Compensation and Laboratory Medicine Funding Framework Agreement.

**About EORLA:**
EORLA operates laboratory services for 16 acute-care hospitals in the Champlain Local Health Integration Network of Eastern Ontario.

The Division of Anatomical Pathology at the Ottawa Hospital processes more than 51,000 surgical pathology specimens per year. The Division has a state-of-the-art molecular oncology diagnostic laboratory including next generation sequencing technology in order to support personalized therapy.

This advertisement is directed primarily, but not solely to citizens or permanent residents of Canada. Women, aboriginal people, members of visual minorities and persons with disabilities are encouraged to apply. Bilingualism is an asset but not a necessity.
