Academic Head and Neck/Neoplastic Lung Pathologist

The Laboratory Medicine Program of the University Health Network (UHN) is seeking an Anatomical Pathologist with expertise in head and neck and neoplastic thoracic/lung pathology. The successful candidate will join a large academic laboratory faculty with diverse diagnostic expertise, teaching responsibilities, basic and clinical research activities. Candidates must have or be eligible for licensure in the Province of Ontario and Fellowship of the Royal College of Physicians and Surgeons of Canada, or equivalent. Subspecialty Fellowship training in head and neck pathology and/or neoplastic lung pathology is essential. In addition, participation into general frozen sections and/or autopsy and after hours on-call are requirements. Responsibilities will include participating in diagnostic service for UHN and its client facilities, teaching and research activities. The successful candidate is eligible for an academic appointment in the Department of Laboratory Medicine and Pathobiology, University of Toronto, with a rank commensurate with academic qualifications.

University Health Network is one of Canada's largest acute care teaching organizations with over 1000 beds and 7 priority programs in Advanced Medicine & Surgery, Oncology & Blood Disorders, Transplantation, Neural & Sensory Science, Heart & Circulation, Musculoskeletal Health & Arthritis, and Community & Population Health. It maintains a major commitment to excellence in healthcare delivery, research and teaching. University Health Network is a fully affiliated hospital of the University of Toronto.

The University of Toronto and University Health Network are strongly committed to diversity within its community and welcome applications from visible minority group members, women, aboriginal people, persons with disabilities, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply however Canadians and permanent residents will be given priority.
