Academic Anatomical Pathologist
Hamilton Regional Laboratory Medicine Program and McMaster University
Hamilton, Ontario

Applications are invited for a full-time Anatomical Pathologist position in the Hamilton Regional Laboratory Medicine Program (HRLMP), with an academic appointment at an appropriate rank in the Department of Pathology and Molecular Medicine at McMaster University.

The HRLMP encompasses four acute care hospital sites and includes pathology laboratories at Hamilton Health Sciences and St. Joseph’s Healthcare. McMaster University plays an integral role in the educational life of Hamilton, providing a stimulating academic environment with unique opportunities for clinical and basic research. The successful candidate will be expected to have teaching responsibilities in undergraduate, postgraduate and graduate programs. The successful incumbent will also actively participate in collaborative research as appropriate. The division of Anatomical Pathology employs more than 32 full-time pathologists in all subspecialties, handles close to 50,000 surgical specimens per annum, and provides pathology consultation services to the Juravinski Regional Cancer Centre and surrounding communities.

Preference will be given to candidates with established specialized pathology skills through practice experience or fellowship training and proven academic activity. Current opportunities include all surgical pathology subspecialties, but preference will be given to candidates with expertise or interest in breast and gynecological pathology. Applicants must be permanent residents of Canada, hold a Royal College of Physicians and Surgeons of Canada certification in Anatomical or General Pathology, and be eligible for medical licensure in the Province of Ontario.

Interested candidates are invited to submit a cover letter, curriculum vitae, and the names and addresses of three referees to the address below. Applications will be accepted until this position is filled.

Dr. Vina Alexopoulou
Director, Anatomical Pathology and Deputy Chief,
Hamilton Regional Laboratory Medicine Program
McMaster University, HSC-2N19, 1200 Main Street West
Hamilton ON L8N 3Z5
