Applications are invited for an Autopsy Pathologist/Forensic Pathologist position.

The successful candidate will have expertise in autopsy/forensic pathology with additional interest in cardiac pathology and general surgical pathology is desirable.

Minimum requirements include an M.D. degree, license to practice in Ontario, Royal College of Physicians (Canada) certification in Anatomical Pathology. Fellowship training in cardiac pathology and/or certification in Forensic Pathology would be considered an asset. The competition will remain open until the position is filled.

About EORLA:
EORLA operates 19 acute-care, hospital-based clinical laboratories across the Region.

The Division of Anatomical Pathology at the Ottawa Hospital processes more than 51,000 surgical pathology specimens per year. The Forensic Pathology service has 800 forensic autopsies per year with 4.4 forensic pathologists. The medical autopsy service has approximately 120 autopsies per year, with one-third being cardiac cases.

The successful candidate will head the medical autopsy service and work with new residents on the Competency by Design program.
About Ottawa:
Ottawa is the national capital of Canada and the fourth largest city in Canada. An affordable cosmopolitan, multicultural city, Ottawa is built for outdoor enthusiasts. It has more engineers and scientists per capital than any other city in Canada.

This advertisement is directed primarily, but not solely to citizens or permanent residents of Canada. Women, aboriginal people, members of visual minorities and persons with disabilities are encouraged to apply. Bilingualism is an asset but not a necessity.
