Annual General Meeting
September 30-October 2, 2016
Blue Mountain Resort, Collingwood, Ontario

Agenda

PRE-MEETING LEARNING ACTIVITIES
Two On-line diagnostic self-assessments, eligible for Section 1 CME credits, related to:

1. “The Ever Expanding Differential Diagnosis of Head and Neck Tumours: New Entities and Navigating the Molecular Landscape”
   Ilan Weinreb, MD, FRCPC Head and Neck Pathologist and Assistant Professor of Pathology, University Health Network and Department of Pathobiology and Laboratory Medicine, University of Toronto

2. “Common Conundrums in Lung Pathology”
   Marcio M. Gomes, MD, PhD, FRCPC Thoracic Pathology Lead, The Ottawa Hospital; Associate Professor of Pathology, University of Ottawa

Thursday, September 29, 2016
1930-2100 Early Registration

Friday, September 30, 2016
0700-0815 Breakfast, Exhibits & Poster Display
0815-1700 General Meeting
0815-0830 Welcome/Opening Remarks/Announcements
    Dr. Russell Price, President, Ontario Association of Pathologists

0830-0900 Political and Economic Updates
    Moderators:
    Dr. Russell Price, President, Ontario Association of Pathologists
    Dr. Brian Cummings, Director, Ontario Association of Pathologists

0830-0845 Ontario Medical Association Section on Laboratory Medicine Update
    Catherine Ross, MD, FRCPC Chair, OMA Section on Laboratory Medicine

Learning Objectives
1. Summarize Section activities within the OMA this year
2. Discuss ongoing work with other key stakeholders (QMP, others)
3. Provide an opportunity for laboratory physicians to forward their questions and concerns to the Section and OMA Executive
Friday, September 30, 2016 (Cont’d)

0845-0930  Ontario Medical Association - Panel Q&A
            Virginia M. Walley, MD FRCPC  President, Ontario Medical Association (OMA)
            Catherine Ross, MD, FRCPC  Chair, OMA Section on Laboratory Medicine
            Learning Objectives
            1. Summarize the execution to-date of the OMA’s strategic plan and the President’s
               commitments to Council and to OMA members
            2. Provide an update on OMA negotiation and implementation of the current Physician
               Services Agreement
            3. Describe leadership opportunities at the OMA.

0930-1000  Refreshment Break - Exhibits & Poster Display

1000-1145  CPSO/CCO Quality Management Partnership – Pathology Quality Indicators for
            Ontario and the Multidisciplinary perspective
            1. Update the profession on the current implementation status of Ontario’s Quality
               Management Partnership (QMP) for pathology
            2. Update the profession on the status of the colonoscopy and radiology components
               of the QMP
            3. Discuss synergies of pathology with the colonoscopy and radiology components
               of the QMP

1000-1045  Dr. Kathy Chorneyko - Provincial Lead, Pathology
1045-1100  Dr. David Morgan - Provincial Lead, Colonoscopy
1100-1115  Dr. Rola Shaheen - Provincial Lead, Mammography
1115-1145  Panel discussion Q&A - What’s Expected from Pathologists?

1145-1215  Annual Business Meeting
1215-1315  LUNCH Exhibits & Poster Display

1315-1415  Common Conundrums in Lung Pathology
            Marcio M. Gomes, MD, PhD, FRCPC  Thoracic Pathology Lead, The Ottawa
            Hospital; Associate Professor of Pathology, University of Ottawa
            Learning Objectives  By the end of this presentation the participants will be able to:
            1. Integrate clinical, radiological and pathological features in the interpretation of early
               lung adenocarcinoma
            2. Plan an optimized approach to the diagnosis of non-small cell lung carcinoma for
               providing a safe diagnosis while preserving tissue for ancillary testing
            3. Discuss the differential diagnosis of “inflammatory pseudotumors” of the lung
Friday, September 30, 2016 (Cont’d)

1415-1445  **Lung Cancer Biomarker Update**  
**Dr. David Hwang** MD, PhD, FRCPC, Staff Pathologist, University Health Network, Toronto  
**Learning Objectives:**  
1. To provide an update on genetic alterations with potential implications for targeted therapies in lung cancer  
2. To provide an update on PD-1/PD-L1 testing and its implications in lung cancer

1445-1515  **Refreshment Break - Exhibits & Poster Display**

1515-1615  **Measurement Uncertainty – A Primer for Pathologists**  
**Lynn Allen**, PhD, DCiChem, FCACB  
Associate Professor, Department of Laboratory Medicine and Pathobiology, University of Toronto  
**Learning Objectives:**  
1. Define measurement uncertainty and describe its basic components.  
2. Summarize the tools available to calculate measurement uncertainty.  
3. Realize the value of measurement uncertainty calculations to pathologists.

1615-1700  **Update on the Ontario Forensic Pathology Service**  
**Toby H. Rose**, M.D., FRCPC, Deputy Chief Forensic Pathologist, Coroner, Ontario Forensic Pathology Service, Provincial Forensic Pathology Unit, Assistant Professor, Department of Laboratory Medicine & Pathobiology, University of Toronto  
**Learning Objectives**  
1. To review the quality assurance data for community hospital-based medicolegal autopsies.  
2. To present the results of the pilot project on accepting hospital consent-based autopsies at the forensic pathology unit in Toronto.  
3. To raise awareness on issues emerging in autopsy practice in Ontario.

1800-2000  **President’s Reception - Join Dr. Russell Price and the OAP Board at this casual, relaxed, social with complimentary Hors d’oeuvres & refreshments**  
**Come be amazed by Pick Pocket Magician James Harrison**
Saturday, October 1, 2016

0700-0830  Breakfast, Exhibits & Poster Display

0830-1200* Diagnostic Slide Seminar - The Ever Expanding Differential Diagnosis of Head and Neck Tumours: New Entities and Navigating the Molecular Landscape
  Ilan Weinreb, MD, FRCPC Head and Neck Pathologist and Assistant Professor of Pathology, University Health Network and Department of Pathobiology and Laboratory Medicine, University of Toronto
  Learning Objectives
  1. To recognize the diversity and differential diagnosis of head and neck neoplasms and their mimics.
  2. To recognize new entities occurring in the head and neck.
  3. To learn the use of molecular pathology in some of these lesions.

*10:00-10:30  Refreshment Break – Exhibits & Poster Display

1200-1400  Transfusion Medicine Symposium & Working Lunch
  Transfusion Medicine Topics and Case Studies
  Yulia Lin, MD, FRCPC  Transfusion Medicine Specialist & Hematologist, Sunnybrook Health Sciences Centre; Associate Professor, Department of Laboratory Medicine and Pathobiology, University of Toronto
  Learning Objectives
  1. Provide advice on appropriate indications for blood transfusion
  2. Consult effectively on management of transfusion reactions

1215-1300  Part 1: Transfusion Medicine Didactic
1315-1415  Part 2: Interactive Case studies

Optional Afternoon Group Activities: Advance registration required

  1430  Segway Tour
  1430  Perfect Wine Pairing
  1530  Cross Country Bike Tour

1830-2200  Cocktail Reception & Banquet … “Bach to Beatles” by David Wipper, classical guitarist
Sunday, October 2, 2016

0830-1200  Cancer Care Ontario/OAP Symposium

0830-1915  Follicular Variant of Papillary Thyroid Carcinoma (FVPTC) and Non-invasive Follicular Thyroid Neoplasm Papillary-like Nuclear Features (NIFTP): an Update for the Practicing Pathologists

  Dr. Bin Xu, MDCM, PhD, FRCPC, Staff Pathologist, Sunnybrook Health Sciences Centre, Assistant Professor, Department of Laboratory Medicine & Pathobiology, University of Toronto

  **Learning Objectives**
  1. To review the evolution, controversies, diagnostic criteria, and molecular profile of FVPTC.
  2. To provide an update on NIFTP, focusing on the diagnostic criteria and the impacts of such nomenclature change in surgical pathology and cytology practice.

0915-0945  Building a Platform for Personalized Medicine: Activities of the Pathology and Laboratory Medicine Program, Cancer Care Ontario

  Aaron Pollett, MD FRCPC  Provincial Head, Pathology & Laboratory Medicine Program, Cancer Care Ontario; Co-Director, Division of Diagnostic Medical Genetics, Pathology & Laboratory Medicine, Mount Sinai Hospital; Associate Professor, Laboratory Medicine & Pathobiology, University of Toronto

  **Learning Objectives**
  1. Describe the role of pathology in a provincial Personalized Medicine program.
  2. List the main activities of the Pathology & Laboratory Medicine Program, Cancer Care Ontario.
  3. Outline how activities at Cancer Care Ontario will impact pathology practice over the next year.

0945-10:15  Refreshment Break – Poster Display

1015-1200  Multidisciplinary Team Approach to Breast Cancer Reporting including Biomarkers – Challenges and Insights

  **Learning Objectives**
  1. Define “biomarker” with respect to breast cancer management and list the established biomarkers used in breast pathology.
  2. Summarize the most common and important areas of controversy concerning the use of these biomarkers.
  3. Discuss the evidence base supporting diagnostic criteria for reporting these biomarkers in optimally guiding the management of breast cancer.
  4. Breast biomarkers: multidisciplinary approach - surgical, radiation and medical oncology insights
Sunday, October 2, 2016 (Cont’d)

1015-1055  Challenges in Breast Biomarker Testing: An Evidence-Based Approach  
Martin C. Chang, MD, PhD, FCAP, FRCPC  Anatomical Pathologist,  
Director of Breast Pathology, Department of Pathology and Laboratory Medicine  
Mount Sinai Hospital, Toronto ON and Associate Professor of Laboratory Medicine  
and Pathobiology, University of Toronto

1055-1105  Surgical Oncology Insights  
Dr. Ralph George, Division of General Surgery, St. Michael's Hospital, CIBC Breast  
Centre St Michael's Hospital, Toronto

1105-1115  Biomarkers in breast cancer: radiation oncologist's perspective  
Dr. Eileen Rakovich, Associate Professor, Department of Radiation Oncology,  
University of Toronto; Scientist, Evaluative Clinical Sciences, Odette Cancer Research  
Program, Sunnybrook Research Institute, Toronto

1115-1125  Medical oncologist insights  
Dr. Andrea Eisen, Associate Professor, Department of Medicine, University of Toronto  
Medical Oncologist, Head Familial Cancer Programme, Odette Cancer Centre;  
Cancer Care Ontario Provincial Breast Cancer Lead

1125-1200  Panel Q&A

Please check periodically for Meeting and Symposium updates at  
www.onontariopathologists.org
PATHOLOGISTS’ ASSISTANTS SYMPOSIUM

Saturday, October 1, 2016

0900-0930  Registration & Coffee with Exhibitors

0930-0940  Welcome

Sarah James, MLT, PA  Senior Pathologists’ Assistant, University Health Network, Toronto
Kathy Chorneyko MD, Medical Director of Laboratory Services, Brant Community Healthcare System, Brantford

0940-1030  Keynote: The Body of Proof: The Use of Tissue in Clinical Trials

Ms. Natascha Kozlowski, Director of Research and Clinical trials
Lakeridge Health, Oshawa

Learning Objectives
1. To discuss the ethical and clinical principles governing the use of tissue in clinical research
2. To identify some of the unique challenges faced with tissue use in clinical trials
3. To demonstrate the role of the Pathology Assistant in clinical research

1030-1115  A Structural Foundation: Implementation of Cancer Synoptic Reporting In Ontario

Aaron Pollett, MD FRCPC  Provincial Head, Pathology & Laboratory Medicine Program, Cancer Care Ontario; Co-Director, Division of Diagnostic Medical Genetics, Pathology & Laboratory Medicine, Mount Sinai Hospital; Associate Professor, Laboratory Medicine & Pathobiology, University of Toronto

Learning Objectives
Following the presentation the participants will be able to:
1. Outline how synoptic reporting was implemented in Ontario.
2. Illustrate how synoptic reporting is being used to drive cancer quality in Ontario.
3. Describe the future direction of synoptic reporting in Ontario.

1115-1200  The More the Merrier! Grossing the Multiple Birth Placenta

Ms. Susan Cromwell, B.Sc., PA (CAP-ACP)  Senior Pathologists’ Assistant
The Hospital for Sick Children, Toronto, Ontario

Learning Objectives
1. Identify the types of placentas seen in multiple births, particularly for twins and triplets.
2. Recognize pertinent details to be noted in the gross examination of all multiple birth placentas, as well as those especially important for monozygotes.
3. Illustrate the sections required to adequately represent multiple birth placentas.
Saturday, October 1, 2016  (Cont’d.)

1200-1315  Lunch
1315-1415  Case Studies … Participants will rotate through interactive case studies

1.  A Case of Pancreatic Adenocarcinoma  
   Lina Katz, MLA, PA, Clinical Coordinator, St. Joseph's Health Centre,  
   Michener Institute, Toronto  
   Learning Objectives:  
   1. Observe gross and microscopic images of pancreatic adenocarcinoma  
      surgical specimen(s)  
   2. Inspect gross descriptions, block submission and additional studies  
   3. Discuss the diagnosis

2.  Differential Diagnoses of Solid Mass in the Testes  
   Jessica Swain, BSc, PA (ASCP\textsuperscript{CM})  
   Lakeridge Health, Oshawa  
   Learning Objectives:  
   1. Observe gross and microscopic images of solid masses in testes  
   2. Inspect gross descriptions, block submission and additional studies  
   3. Discuss the diagnosis

3.  Sudden and Unexpected Death in a 43 year old Female Athlete  
   Solange Malhotra, B.Sc.  
   Forensic Pathologist Assistant,  
   Ontario Forensic Pathology Service, Toronto  
   Irina Shipilova, MD, PhD, Forensic Pathologist (Russia), Forensic  
   Pathologist Assistant  
   Ontario Forensic Pathology Unit, Toronto  
   Learning Objectives:  
   1. Observe gross and microscopic images of autopsy cases  
   2. Inspect autopsy report, block submission and additional studies  
   3. Discuss cause of death

4.  A Case of Trench Foot in a 63 year old Female  
   Irina Shipilova, MD, PhD, Forensic Pathologist (Russia), Forensic  
   Pathologist Assistant, Ontario Forensic Pathology Unit, Toronto  
   Solange Malhotra, B.Sc.  
   Forensic Pathologist Assistant,  
   Ontario Forensic Pathology Service, Toronto  
   Learning Objectives:  
   1. Observe gross and microscopic images of autopsy cases  
   2. Inspect autopsy report, block submission and additional studies  
   3. Discuss cause of death
Saturday, October 1, 2016  (Cont’d.)

Case Studies (Cont’d.)

5.  Endometrial Carcinoma
    Samantha Crombie, MCISc-PA and Emily Wilkins, MSc-PA
    Royal Victoria Hospital, Barrie

Learning Objectives:
1. Observe gross and microscopic images of endometrial carcinoma surgical specimen(s)
2. Inspect gross descriptions, block submission and additional studies
3. Discuss the diagnosis

Optional Afternoon Group Activities:  Advance registration required

1430  Segway Tour
1430  Perfect Wine Pairing
1530  Cross Country Bike Tour

1830-2200  Cocktail Reception & Banquet … “Bach to Beatles” by David Wipper, classical guitarist
            (Tickets must be pre-ordered)

Note:  PA’s can sign up for Saturday PA Symposium
      OR  special 2 day package that includes Sunday’s CCO/OAP Symposium.

Please check periodically for updates at www.ontariopathologists.org

Pathologists Have Talent - Visual Art Display

Pathologists have many talents … this year we are again providing the opportunity for OAP meeting participants to showcase their artistic photography skills during the meeting.

**Purpose:** Showcase artistic photography during the OAP Meeting

**Categories:**
1. Non-pathology photography
2. Pathology related visually interesting case slides related to either:
   ◦ Gross or Microscopic images
   ◦ Non-gross cases

**Format of submissions:**
- Photograph Dimensions: 8” x 10”
- Maximum 1 submission per category per person

**Participant to:**
- By September 12th submit the following information to Heather Lennon at heather@myershamilton.com:
  - Name and contact of person submitting photograph
  - Title to be used with the photograph
  - Category to be entered in
- Supply and affix photograph on the poster board at the OAP meeting
- Remove photograph Sunday, October 2.

**Judging:**
Each OAP Meeting Participants will be given a ballot to select the best in each class based on the following criteria:

1. **Non-pathology photograph:**
   - Most aesthetically pleasing and interesting

2. **Pathology related photograph:**
   - Most aesthetically pleasing and interesting
   - Informative and conveys medical information

**Prize:** $50 Henry’s Gift certificate

**Questions?** Please contact **Heather Lennon** at heather@myershamilton.com or **Dr. Russell Price** at pricer@rvh.on.ca

Check out some previous years entries on the OAP Facebook page [https://www.facebook.com/OntarioPathologists](https://www.facebook.com/OntarioPathologists)

August 24, 2016
Annual General Meeting
September 30-October 2, 2016
Blue Mountain Resort, Collingwood, Ontario

OAP ACCOMMODATION
RESERVATION BOOKING INFORMATION

**OAP Block will be held until August 29, 2016 … after that date OAP rates will apply based on availability**

GROUP NAME: Ontario Association of Pathologists
GROUP CODE: GRP116218
ARRIVAL: Thursday, September 29, 2016
DEPARTURE: Sunday, October 02, 2016

Blue Mountain Resort is excited to be hosting the OAP group stay. In our continuing efforts to ensure an effortless reservation experience, you have access to reserve your accommodations at your leisure by calling our toll free number or going on-line.

ONLINE BOOKING PROCEDURE
Click on the following link – https://lodging.bluemountain.ca/booking/#availability

Step One: Check Availability
- Enter arrival and departure dates:
- Enter Corporate/Promotion Code: GRP116218
- Click: Check Availability

Step Two: Choose Room Type
- Click: Show Results
- Review accommodations
- Click: SELECT Preferred Accommodation

Step Three: Guest Login
- Complete guest information – Note: Red Box = Mandatory fields required
- Click: Confirm Details

Step Four: Review Booking Request
- Once reviewed - Click: Confirm Reservation

Step Five: Your Reservation Request has been Received
- Click: Send Confirmation as Email

TELEPHONE CALL IN PROCEDURE: Call 877-445-0231, Press for lodging reservations
- Provide OAP group code GRP116218 and group name Ontario Association of Pathologists

CANCELLATION POLICY
- 10 days prior to arrival: $25.00 admin charge to cancel or change the departure date (i.e. early departure)
- Within 10 days or less of arrival: Will be given the opportunity to rebook reservation for another date up to 12 months from the cancellation date. The one night deposit will be kept on file up to 12 months. If not rebooked and stayed within this time frame, the deposit on file will be forfeited.

August 24, 2016
Annual General Meeting  
September 30-October 2, 2016  
Blue Mountain Resort, Collingwood, Ontario

**OAP GROUP DISCOUNTED RATES**
All rooms include:
- complimentary guest room Internet Access
- complimentary secured underground and outdoor parking

**Check-in:** After 4 pm  
**Check-out:** 11 am

**LOCATION INFORMATION**
We look forward to hosting Ontario Association of Pathologists! Please be advised that record of your reservation may be shared with the organizer(s) of the group function. If you have any questions or comments, please do not hesitate to contact Blue Mountain – Information & Reservation Department at mail@bluemountain.ca or 877-445-0231.

All reservations must be guaranteed by a credit card number with a first night deposit processed on 30 days of arrival and final payment due on departure by cash, credit card, certified cheque. At check in, a $250 Blue Mountain Inn or $500 suite/condo damage deposit will be required by cash, credit card, certified cheque.

All persons checking in will be required to provide valid photo identification.

August 24, 2016
BLUE MOUNTAIN RESORT www.bluemountain.ca
If you have not visited the resort recently you'll enjoy exploring all they have to offer.

Accommodation: Variety of accommodation available at OAP special rates ranging from traditional hotel rooms at the Blue Mountain Inn to one and two bedroom suites located in the in the boutique style Mosaic complex and lively European style pedestrian Village at Blue.

Complimentary Resort activities for OAP members, families and sponsors staying at the resort, include:
- Internet access in Guest room and Meeting room
- Use of fitness, pool, sauna, etc. located in the complex
- Underground Parking

The Village continues to grow with more than 40 shops, plus restaurants offering everything from sushi, pitas, burger and pizza to gourmet fare, some with patios, live entertainment and the new SMASH Ping Pong Club.
https://www.bluemountain.ca/things-to-do

Whether you crave action or relaxation, activities abound and Blue Mountain Activity Central at
https://www.bluemountain.ca/things-to-do/activities or 1-800-955-6561 is your ‘one-stop shop’ for planning activities such as:
- Wind Rider Triple Zips - Care Free Zip Line Flying
- On site Climbing Wall and off site Rock Climbing
- Timber Challenge High Ropes and Wood Lot Low Ropes courses
- 18-hole Cascade putting course that the whole family can enjoy
- Ontario’s first Mountain Coaster!
- Monterra Tennis indoor courts
- Open Air Gondola Scenic rides up and down the escarpment
- Hiking - Self Guided Hikes with Endless Choices up the mountain and on the beautiful Bruce Trail
- Mountain Biking

OAP Discounted Group Rate: When signing up for activities on your own, mention that you are an OAP Conference attendee and would like the group discounted rate noted on the last page.

RELAX and Reenergize on site at the IWA Spa or Kalola Boutique & Spa or visit nearby Swedish bath phenomenon of Scandinave Spa™ Blue Mountain.
There is also an on-site Glama Gal Tween Boutique offering unique tween packages.

GOLF: 18 holes, incl. cart: $69+HST; Twilight $49+HST; Sunset $39+HST
Monterra Golf (on site) is a traditional links course, featuring rolling bent grass fairways, razorback mounding and 86 bunkers, as well as ravines, creeks, seven lakes, and some spectacular elevated tee shots.

Reservations: Call 877-445-0231 and follow the prompts.
Overnight Resort Guests may reserve their tee times at the time of their lodging reservation.
9 Hole Rounds can’t be booked more than 48 hours in advance

Additional Collingwood & Area information: www.collingwoodthebluemountains.com
Friday evening: After the President’s Reception you may wish to continue your evening at one of the many on-site restaurants, lounges or nightclubs …
https://www.bluemountain.ca/things-to-do/eateries-and-nightlife

Saturday afternoon: Three activities are being offered on a group basis and are detailed on the attached for those who would like to join other OAP guests.

Saturday evening: The OAP Banquet includes pre-banquet cocktail reception, wine with dinner and entertainment

Note: You must pre-register for OAP Group Activities by Sept 7, 2016 preferably at the same time as you register for the meeting
OAP GROUP ACTIVITIES

Saturday, October 1, 2016

A. Guided Mountain Top Segway Tour
Looking for a scenic experience that's off the beaten path? Not your typical 2-wheeled attraction, this guided tour takes you on an off-road trek along the top of the Niagara Escarpment. Tours includes ground school training to ensure your comfort level prior to taking the shuttle to your Mountain top Segway adventure

C. Perfect Pairing … Georgian Hills Vineyard
Georgian Bay is a new emerging Ontario wine region. Come visit the Georgian Hills Vineyard and take in the beautiful view of the vineyards, the surrounding hills and a glimpse of the Georgian Bay to the north. Delight in tasting 5 local wines with 5 selected food pairings where you will learn “what goes best with what, and why”.
