Academic Endocrine Pathologist

The Laboratory Medicine Program of the University Health Network (UHN) is seeking an academic pathologist with training in **Endocrine Pathology** at the rank of Assistant, Associate or full Professor. The expected start date will be July 1st, 2025 or will be mutually agreed upon.

The candidate must demonstrate excellence in clinical, research and teaching activities in endocrine pathology.

The successful candidate will join a team of pathologists at the University Health Network. The program offers diverse diagnostic expertise, excellent teaching activities, and exciting basic and clinical research activities/opportunities. Candidates must have or be eligible for licensure in the Province of Ontario and hold a Fellowship in Anatomic Pathology with the Royal College of Physicians and Surgeons of Canada, or equivalent. Fellowship training in an anatomic subspecialty is required. Experience in endocrine pathology and other subspecialty areas of pathology including dermatopathology would be an asset. Responsibilities will include participating in diagnostic and consultation service, as well as self-initiated and collaborative research and teaching activities. The successful candidate should be eligible for an academic appointment in the Department of Laboratory Medicine and Pathobiology, University of Toronto, with a rank commensurate with academic qualifications. Salary and benefits are in accordance with the uniform minimal level of compensation for pathologists in the Province of Ontario (currently approximately \$373,000 per annum).

University Health Network is one of Canada's largest acute care teaching organizations with over 1000 beds and 9 priority programs in Advanced Medicine & Surgery, Oncology & Blood Disorders, Transplantation, Neural & Sensory Science, Heart & Circulation, Musculoskeletal Health & Arthritis, Laboratory Medicine, Diagnostic Imaging and Community & Population Health. It maintains a major commitment to excellence in healthcare delivery, research and

teaching. University Health Network is a fully affiliated teaching hospital for the University of Toronto.

The University of Toronto and University Health Network are strongly committed to diversity within its community and welcome applications from visible minority group members, women, aboriginal people, persons with disabilities, and others who may contribute to the further diversification of ideas.

The Search Committee will begin to consider applications received starting September 30th, 2024 for shortlisting. The position will remain open until filled. Only short-listed applicants will be contacted. All qualified candidates are encouraged to apply, however Canadians and permanent residents will be given priority.
